Fun fall fact:

Fall leaves
change color
depending on
how much sugar
is in them!

Seeing Our Own Lens

Presenters:
Kelly Forster & Amanda Dale

Kelly Forster has worked at the Alaska Humanities Forum for the last year and has been an educator for more than 15 years. While teaching in rural Alaska she learned the value of understanding her students' culture and way of life so that she could build trusting and respectful relationships. She approaches cultural competency work as a lifelong journey.

Amanda Dale is the Director of Cross-Cultural Programs at the Alaska Humanities Forum. Originally from Anchorage, her work experience is in education, HR and cross-cultural communication. Amanda is passionate about using stories and shared experiences to deepen our understanding of ourselves and how we interact with the world.
